

---

## Conclusion

### Going From fake Pax Britannica, Pax Americana and Pax Judaica, or to real Pax Ellinica?

The [30 reforms](#) of **Part 2**, in **A)**, **B)** and **C)** of [FtakAristarchy](#), as listed in [page 18](#), are to be used in a cumulative way in order to achieve full [FtakAristarchy](#). The **A)** section reforms are absolutely essential to be used all together to start with as soon as the constitution has been changed or elaborated for their purpose. The **B)** section reforms can be easily implemented in a matter of one single electoral mandate of 3 years, while implementing the necessary administrative changes to the existing bureaucracy in the short term. The **C)** section reforms require more time, and they can be implemented progressively as soon as possible, but pursued strongly as firm necessary objectives for the full completion of [FtakAristarchy](#).

If citizens necessarily all vote to maintain citizenship, and have best possible full truth and knowledge available about everything, while having full freedom of opinion even for hate speech, having no public debt and public money all fully transparent as their own bank account, then **We The People** are in full command. Government officials also become our best possible public servants. If we also reject all diktats from all supranational unelected and unaccountable organizations, we do not interfere in any foreign affairs, not even for humanitarian reasons having nothing to do with our citizens, and we pursue [Kallos](#) beauty in all activity, **We The People** will soon also have the best possible social harmony in the national environment. In the meantime, the fully binding electoral contract becomes transitorily a priority constitution addendum, because all citizens obligatorily voted for it, in majority, and in a perfect fraud less way: consequently, no court, not even a constitutional one, can stop its full implementation during that current electoral mandate. Using the death penalty sentence for knowingly or logically causing massive deaths or damages, few people will commit such serious crimes, not even indirectly through useless wars abroad, and certainly not either directly through typical evil tools or deceitful means like the fake [COVID](#) vaccine bioweapons. Overall, we will have gone **“From Slavery Downwards to Slavery Upwards”**, and we will have recuperated our full liberty, while rendering the current national and globalist cabals incapable of enslaving us in any way, like they do it today just too easily.

As a result of the [30 reforms](#), we will have a fully implemented [FtakAristarchy](#) which is the only type of governance that deserve the name of democracy, for being a direct and fully participative assembly democracy, instead of an easily corrupted, distant and outdated representative fake democracy.

### Be conscious of SoulCap Supreme pan-cosmic force

Our new acronym [SoulCap](#) means: Spiritual Omnipotent Uniting Loving Creation Aether Power. This is the main realm to which we belong, as we are not mainly a human body having a spiritual experience, but mainly spiritual beings having a temporary human experience in a body on planet Earth. Hiding behind the beauty of all forms of creation, there is an immense good force, the one that we can call [SoulCap](#) that *creates*, by giving a good basic form to all things, and animates all living beings in each their own respective beautiful specific way. We human beings are each of us a little spark of that omnipotent and creative good cosmic force.

As such, we are part of something much greater and much more beautiful than our visible physical bodies. Calling this force “GOD” is too generic, even if it is surely an omnipotent power of some kind of divine nature, but this GOD term may easily have misleading religious institution connotations. Some ancient philosophers have called it the **“Fifth Element”** or more simply the

---

“**Aether**”, which is closer to what it really is, because the invisible Aether is certainly its real realm of operation. Some scientists have called it the **Non-Empty Space** without knowing what is in it. They also called it unfairly the **Black Matter**. But here, under all these names, it is only a way to derive its existence and its realm of operation instead of a description of its real nature. This is why we have coined the new [SoulCap](#) acronym.

In our context, living in [FtakAristarchy](#) with full Beauty means living in harmony with that omnipotent good creating force that can only produce beauty and harmony. But we, human beings, were created by that [SoulCap](#) supreme force with free will. Consequently, as a choice, or because of our bad initiatives or selfishness, we can easily live in disharmony with this good creative force.

This is why our world is so full of ugliness and disharmony in so many places at the moment. Becoming conscious of this [SoulCap](#) supreme force, and living in harmony with it as much as possible, is part of the new discipline and holistic education of the Pythagorean [Tetractys](#) of the human soul when living in [FtakAristarchy](#). With it, in harmony with it, we can reach maximum levels of our respective talents, and achieve best possible wellness, meritorious justice and happiness in our personal and our civic life. This is what we also call the “**Great Return Of Philosophy and Beauty**” in all aspects of our life.

## Be conscious of the consciousness of the universe and of yours for it

The above [SoulCap](#) force is a reflection of the fact that the universe is a living conscious entity along with each part of it, including our planet Earth. Regarding us human beings, this is particularly important in the case of beautiful planet Earth on which we are called to make a human experience for a while. On our planet, each component also has a level of consciousness, up to the subatomic level.

As part of it, each part of our biological system in our body is a conscious entity. We can and must talk to all these conscious entities, from the subatomic to the pan cosmic level vis our organic organs, and do so positively with love and gratitude for the wealth and beauty we are being offered to work with positively, forming our own best possible [Torus](#) of positive energy as a [PICCOB](#), during our short existence and contributing to the best possible [Torus](#) of positive energy of our planet.

This is our mission on this planet, each of us at our own level of capacity and merit. This love dialogue with each part of us is also the only way to be and stay in perfect health, and in an overall state of wealth and beauty on the basis of our own merit. Not having such dialogue of love, and using our freewill for having a negative consciousness of absent gratitude or love, let alone hate, is the source of all our sickness and personal problems. It is also the source of our problems at a worldwide level on the basis of the bad cumulative contributions all of us may provide from our own personal [Torus](#) to the overall [Torus](#) of planet Earth.

In [FtakAristarchy](#), the above is an eminent part of the holistic education of the Pythagorean [Tetractys](#) of the human soul for achieving best possible wellness and beauty in our personal and civic living. Again, this is what we call the “**Great Return of Philosophy and Beauty**” in our life.

## Become a Co-Creator of Beauty as a PICCOB

This is the ultimate goal and sense of our life on Earth as a spiritual entity experiencing temporarily a human experience. We potentially can all be a [PICCOB](#) (Promethean Idyllic Co-

---

Creator Of Beauty). This is the only way to achieve a worth living human live and what we call happiness on this beautiful planet.

## Have enlightened people act together to have absolute unlimited power

At the moment, by plan, and in spite of the sophistication of the current technology of communications, most common people around the world are being kept under ignorance, and consequently under full submission to an evil elite. They listen to only mainstream television, and read only mainstream media that are all fully controlled by the evil [FAGSPEC](#) Cabal governing them worldwide. They are fully enslaved without noticing it. They are kept in fear by political correctness and minimum freedom of opinion. Their Overton Window of open discussion has been reduced to a historical minimum. They obey silently to any stupid command, like the imposition of face masks of the fake [COVID](#) crisis has well demonstrated.

With the cumulative effect of the reforms expressed by the above [Rule 1](#) to [Rule 9](#) of the new [FtakAristarchy](#) governance promoted by this book, things can change completely. People can gain absolute power and fully neutralize their enslaving [FAGSPEC](#) Cabal. Following these rules, people can first of all get absolute full truth and full transparency in all public affairs. **First and foremost, no lie about public affairs can exist except as a serious crime.** People can enjoy absolute full liberty of speech and opinion, even for hate speech expressed without physical violence. Practically all confidentiality hiding from them useful information is eliminated, even in diplomatic relations.

In fact, all the most important knowledge useful to humanity that is kept in the most secret places, like in [DUMB](#) (Deep Underground Military Base) or the caves of the **Vatican**, is all revealed and made public. In addition, not one single penny of public money is received or spent by the state without being easily traceable by all citizens as if it was in their own bank account. Governance taxes its citizens at the least possible level, and runs the country without any public debt. People also acquire a better critical mind to assess what is going on in the country through a new holistic education of the 3 levels of the [Tetractys](#) of the human soul. Finally, people are provided with the most perfect fraud less voting system.

The resulting cumulative effect of all the above reforms and rules of [FtakAristarchy](#) means people finally have what they need to control all aspects of their destiny in the country in the best possible way. These new enlightened people are very many, but their old enslaving [FAGSPEC](#) Cabal elites are very few, even while counting all those evil elites at both the national and the supranational levels.

If such well enlightened people act together, they get absolute power over what is going on in the country. As such, they can first dismantle most easily the national and global enslavement in which they are caught at the moment. They can also impose a much better respect of all nature as it was created, in order to get from it the best possible natural resources and healthy natural living. In addition, they can give themselves the very best possible social decorum to enjoy their new quality of life all together. Finally, they can govern themselves more justly and slimly through a perfect voting system, electing from the bottom, without any possible fraud, their best leading officials over them as their obedient public servants.

As per the leading slogans, of our cover page, the country of mostly enlightened and powerful people has gone "**From Slavery Downwards To Slavery Upwards**", or "**From CumS to SumS**" (From Citizens Under Mass Surveillance To State Under Mass Surveillance). The country has become a [FtakAristarchy](#) on beautiful planet Earth. As for the enlightened citizens, their oneness

---

as a people, their oneness as a country, and their oneness as a divine entity has given them practically omnipotent power to control their destiny in the best possible way.

## Is this book wrong?

The evil deeds and behavior that the book describes are absolutely correct, but it is wrong to say the Jews are the authors of them. They are not the actions of Jews, but of those we legitimately call the Fake Jews as those responsible for our satanic global enslavement today. These Fake Jews are mainly known as Zionists today. In fact most of these Zionists are Jews, but from a deviated Babylonian satanic branch of Judaism, thus Fake Jews. [There are six categories of Fake Jews](#) from the three Abrahamic religions. The main ones are the Zionists originating from the conversion of the [Khazarian Empire](#) as a whole, even if its people had no DNA link at all to the real original Jews of Palestine, thus no link to the Palestinian territory. Historians have called these new Fake Jews the European Jews. These Zionist Fake Jews are those who created the Zionist state of Israel.

It is common knowledge that Jews have been disliked for centuries—sometimes loathed, sometimes hated. But why?

Our best hope for understanding this recurrent "anti-Semitism" is to study the history: to look at the actual words written by prominent critics of the Jews, in context, and with an eye to any common patterns to might emerge. Such a study reveals strikingly consistent observations: Jews are seen as pernicious, conniving, shifty liars; they harbor a deep-seated hatred of humanity; they are at once foolish and arrogant; they are socially disruptive and rebellious; they are ruthless exploiters and parasites; they are master criminals—the list goes on.

The persistence of such comments is remarkable, and strongly suggests that the cause for such animosity resides in the Jews themselves—in their attitudes, their values, their ethnic traits, and their beliefs. It is hard to come to any other conclusion than that Jews are biologically, genetically inclined toward actions that trigger a revulsion in non-Jews. Jews have always been, and will always be, eternal strangers.

*Eternal Strangers* is a profoundly important book. It addresses the modern-day "Jewish problem" in all its depth—something which is arguably at the root of many of the world's social, political, and economic problems. The matter is urgent; we haven't a moment to lose.

**These Fake Jews are those we should disobey today to avoid our global enslavement while becoming only [PICCOB](#) ([P](#)romethean [I](#)dyllic [C](#)o-[C](#)reator [O](#)f [B](#)eauty) co-creators.**

---

## The FtakAristarchy Great Restart

[FtakAristarchy](#), with the help of [SLAC](#), means a new democratic **Great Restart** with the best possible form of direct and participative democracy as it was invented in **Ancient-Greece**.

- There is no reason, except our own stupid neglect, for so many human beings on Earth to suffer misery for lack of good debt-free money.
- There is no reason, except our own stupid neglect, for so many human beings on Earth to suffer disease for lack of good natural medicine.
- There is no reason, except our own stupid neglect, for so many human beings on Earth to suffer bureaucratic enslavement for lack of a perfect voting system used by fully enlightened voters for producing best possible democratic elections.
- There is certainly no reason, except the evil interests of our current corrupted politicians, why we cannot be given the tools to prevent us from living in a situation of stupid ignorance and neglect at the source of all our main problems, as it is sufficient that we collectively wakeup and decide to impose to our leaders the need to act by only a fully binding contract that shall give us a new governance of [FtakAristarchy](#).
- And the list of our actions and behavior of stupid neglect could go on ad infinitum.

### FTAK is the essential Umbilical Cord of the Great Restart of FtakAristarchy.

Without the umbilical Cord of [FTAK](#) (Full Truth And Knowledge, as its basic main meaning, or: Full Truth And Kallos as an alternative meaning, where [Kallos](#) means holistic beauty of body, soul, mind, social behavior and physical environment all together), no real democracy can even be born, certainly not an [Aristarchy](#) (or: rule by the “[Aristos](#)”, or: “by the best ones”). This is why [FTAK](#) is the prefix of the new acronym of the best possible form of direct and participative democracy that, in our context, we call [FtakAristarchy](#).

The mother of the [FTAK](#) Umbilical Cord to whom it is attached is the culture of the “Greek” ([Hellenic](#)) people. They are the ones who invented the best possible form of democracy, the one based on the [ELL](#) (Enlightened Logos Liberty) philosophical culture of Ancient-Greece. That [ELL](#)

---

culture in relation to democracy means, by definition, the umbilical cord of [FTAK](#) to be born. Like for a person to be born, without this essential umbilical cord, there is no way for [Aristarchy](#) or [FtakAristarchy](#) to even be born. The fake democracy that we have today has nothing to do with such best form of democracy, and it must be replaced by [FtakAristarchy](#).

### **A Great Restart based on a previous five Great Stops.**

Any Great Restart would fail if not preceded by an immediate preliminary Great Stop of 5 things at the base of our national and global enslavement.

1. Stop obedience or submission to all commands from any international or transnational unelected and unaccountable entity of fake power like, typically, for example, the [UN](#), the [WEF](#) or the [IMF](#), let alone the [EU](#).
2. Stop to the creation of money as debt by private banks. In [FtakAristarchy](#), the country has no public debt and cannot have one. Money is created only as debt-free by the treasury on the basis of a strict set of constitutional norms and rules.
3. Stop to constant useless wars created only to enrich the [FAGSPEC](#) Cabal. With access to Full Truth and Full Knowledge, wars cannot be created through false flags for the exclusive profit of the Cabal. At the moment, most wars are useful only to the Cabal enriching itself before these useless wars (financing the purchase of arms as public debt), during these useless wars (financing the war operations) and after these useless wars (financing the reconstruction).
4. Stop to fake social conflicts and chaos created by the Cabal while being able to blame the mess on “others” in order to be able to enrich itself discretely in the background. Pushing for massive totally inassimilable immigration on the basis of the Kalerji Plan is a typical means of this strategy to create useless social conflicts. As a result, during the chaos period, many members of the productive middle class will go bankrupt or decide to leave the country. Then the Cabal will acquire an immense amount of new property for very cheap money while being able to blame the new misery on “others”, like on the massive immigration of Muslims.
5. Stop to fake pandemics creating bankruptcy for the enrichment of the Cabal. In a similar way, the current Cabal will create false pandemics, as new plandemics, in order to enrich themselves discretely in the background, while putting the blame on the pandemic, not on themselves. Typically, the fake COVID plandemic has made the Cabal to transfer easily to themselves over 5 trillions of dollars of good property, in the USA alone, from the best productive middle class going bankrupt.

The quintuple preliminary Great Stop must then be followed by a great series of initiatives for a successful Great Start of [FtakAristarchy](#).

### **The major initiatives necessary to avoid any future enslavement**

Again, to start with, money created today as debt-money, instead of debt-free money, in an unlimited debt way, out of nothing, by private banks, is the mother of all scams at the root of the creation of all worldwide misery, disease and enslavement. This illegal anti-constitutional scam is a supreme power acquired illegally by private banks, and only because of our most stupid negligence. Eliminating first this fake private power is not only possible, but in fact very easy, as it is fully illegal to start with. Doing it automatically means eliminating most misery, most incurable diseases and most forms of undemocratic enslavement around the world.

National public debt has not always existed, even during most prosperous economic periods in many countries before 1913, and has absolutely no need to exist today. It can be all eliminated instantly through starting creating only debt-free money, issued by the treasury instead of by

---

banks, under a set of strict limits and norms from a good constitution. No injustice to the banks would exist as that public debt that should have not been created in the first place through useless loans has been reimbursed many times already with interests over previous decades.

With the elimination of public debt, income tax has also no reason to exist, as it was created to reimburse a public debt that will no more exist. It can also be immediately abolished. Government financing for public infrastructures and services can, and must all be done through only property tax and sales tax. As for sales tax, it can be shared on both sides of the transaction, and it can also be combined to the only way to accumulate credits for an eventual public pension. This link to pension credits makes its payment highly desirable, and means the near total disappearance of the black economy market affecting unpaid sales tax at the moment.

Except temporarily during criminal investigations, all public affairs of governance must all become exactly that: public affairs, never confidential or secret affairs. Every single action of governance must be fully public. The public money in particular, must all be seen by all taxpayer citizens as if it were their own bank account, seeing all movements in and out to the single penny. Even diplomatic relations with all foreign countries must be all conducted openly, even in the invited presence of observing national journalists. Secret negotiations about public affairs become a crime of the negotiators, and can no more legally take place.

Most embassies abroad must be eliminated, as they were necessary only before the cumulative inventions of the telephone, the airplane, the television and perfect worldwide communications, let alone the Internet. Few temporary ones may still exist in special circumstances.

The technology for a perfect fraud less voting system exists and is much easier to implement than the technology necessary, for example, to go to the moon. If it has not yet been implemented, it is only because corrupted politicians prefer the loose systems from which they can manipulate elections and produce fake results to their advantage. Under a possible perfect electoral system, all citizens must be obliged to vote to maintain citizenship. Citizens vote not for a program, but for a fully binding contract. Consequently, there can be no fraud and no surprise during a mandate in terms of new legislation or taxation not already mentioned in the last winning electoral contract.

With the perfect electoral system and the voting for only a fully binding contract, the same logic that justifies the elimination of embassies also applies for the eliminations of the current huge parliaments of useless babbling corrupted representatives. With the current perfection of telecommunications, and a government under a fully binding contract, we do not need any more any kind of representatives.

Consulates abroad are different from embassies. They must not only survive, but be reinforced for two new main tasks. First, they must assist much better than now the growing number of citizens travelling abroad and in difficulty while abroad. Second they must become a major tool to impose a preselection from abroad of all potential foreign candidates as immigrants or political refugees. In most cases, as much as possible, the decision to accept them must be taken while they are still abroad, before their arrival, and those refused must be prevented to come into the country as much as possible.

Politicians with no more a babbling parliament for useless political conflicts are still needed, but mainly for formulating a new fully binding electoral contract to compete in the next election. This is their only new official function. The babbling activity they have now in parliaments at

---

useless extreme costs can only take place for free, in television talk shows and debates between the various shades of the political spectrum, in front of all the electorate of the country.

All politicians and bureaucrats are also forced to not lie at all about public affairs. Otherwise, they commit a new serious crime. A lie about public affairs is no more just a lie, but a serious crime punished most severely.

Even when a lie about public affairs comes from a journalist or any private citizen not holding any public position, it is also a serious crime. But hiding a truth about public affairs, by voluntarily not providing full truth and knowledge about an activity or an expense, is also considered a lie by omission. All public affairs become based on full truth and full knowledge.

By enjoying full truth and full knowledge about all public affairs, citizens are also in the best possible position to vote correctly in the next election, and to enjoy the best possible electoral results while using the above new perfect fraud less voting system.

But full truth is not sufficient to enjoy the best electoral results of the perfect new fraud less voting system. Full knowledge about any kind of information useful to the citizens, or to humanity as a whole, be it to protect it or to help it, is also necessary. All of it must be all fully revealed. Such full useful knowledge can be of a human or of an alien source. Just like a lie about full truth, keeping such useful full knowledge secret also becomes a serious crime. Even the most secret military bases are not allowed to keep such useful information or knowledge secret.

Full truth and full knowledge are also complemented by full freedom of opinion not based on an invented lie, even if and when it is to express hate. The new Internet is provided with full truth, full knowledge, and full freedom of expression.

Any censorship preventing access to full truth and full knowledge becomes a serious crime. Expressing hate based on facts, or on real convictions, is no more a crime, while censoring it becomes a crime. Any citizen with good logical reasons not based on a lie can criticize freely any person, any country, any race, any religion or any national or international organization.

No internet platform, or social media, or mainstream media not respecting these rules will be allowed a required operational license. This is true in particular when blogs or media receive BigMoney from rich donors that can influence their independence. All mainstream media and cannot legally join an international network that prevents them to compete fully independently with all other media on only a basis of full truth, full knowledge and full freedom of speech.

All media must be able to finance their operations without outside [BigMoney](#) disturbing their independence, only on the basis of their best ability to provide full truth and full knowledge. Those not able to compete on such basis will soon deserve their going out of business.

On a national basis, many more improvements will take place to help the personal or the social life of citizens. For example, married citizen mothers with minor children will receive a small public salary if they accept to take good care on a fulltime basis of a family home instead of going out daily for a salaried job.

Married couples with no more a normal sexual relationship, but not affected by any form of violence, will have a new legal form of discrete pre-divorce legal agreement, with some compensating financial assistance, for having a separate discrete sexual life if they accept to go on living together in the same family home with a good friendly relation while they have minor

---

children. Governance will facilitate and help financially the regrouping of extended families when capable of helping better this way each other. Same sex relations will be accepted as normal if only soft gay [GOMAOKS](#), i.e. not including violence, anal sex or pedophilia.

All school instruction will take place with real holistic education of the various levels of the human body and soul Tetractys.

All interpersonal conflicts will get new easy and fast justice through a new form of constructive justice at very limited costs.

The new military service will be based on only best forms of defense and national survival in difficult conditions, with absolutely no possible kind of interference in other countries for any reason.

Beauty based on best Greco-Roman values will transform and improve the better appearance of most private and public places.

[BiqAqri](#) will be eliminated in the country, with a preference to food and farm products being produced by good traditional family farms, and distributed tax free on open street markets or in special food outlets only kilometers away from their source whenever possible. This will bring a major improvement to the good health level of all citizens of the country.

To assist this reform, a new medicine will be recognized and formalized to replace most of the current BigPharma chemical *Disease Medicine* with real *Health Medicine* based on natural plants.

The death penalty is eliminated for interpersonal crimes usually causing the death of one single person. It is however established or maintained for serious crimes involving massive deaths or damages. It can even be applied when the massive damage is caused by only the lie of an official about dangerous tools, like fake vaccines or useless wars, when they cause massive damages and massive deaths.

Above the national level, there is absolutely no need to be forced in any way to accept any command or norm of any kind from any international or transnational unelected and unaccountable entity of fake power.

Good relations with all such entities can still well exist on a mutual profitable consultation basis when required if they can take place with full truth, full knowledge and full freedom of expression. Related expenses can even be shared, on an agreed ad hoc basis when necessary, but no formal membership will ever exist with such unelected and unaccountable entities.

On a more long term basis, there will also be the promotion of two new forms of language:

- one at a chat level ([GLOSAN](#), an improved form of Esperanto), and
- one at formal level (using the higher [Katharevousa](#) level of Greek language) in best interpersonal language communications worldwide.

The Greek language has had a well-documented [superiority over all other western languages for more than 5000 years](#). Its use will not only improve immensely the quality of all interpersonal communications, verbally or in writing, but also replace the invasive and imperialistic English that is not only much inferior in sophistication, but is so much disliked by a great and growing number of the people of so many countries around the world.

---

## Going from MAGA to MIGA to MEGA? – To Pax Judaica or to Pax Ellinica?

This title means going from **MAGA** (Make America Great Again), to **MIGA** (Make Israel Great Again) and, hopefully in the end, to **MEGA** (Make Ellas Great Again). The word **ELLAS** in **MEGA** means what we call **GREECE** today, but as what it has been for humanity as **ELLAS** (its real name even today) in more ancient times when it invented democracy, philosophy, the Olympics and the rest of its uniquely beautiful **PHILOTIMO**. Ever since, the **ELLAS** of the “**Idea Exchangers**” has been the main cultural opponent to the Jews, the infamous “**Money Changers**” that **Jesus** chased from the temple. The aim of the latter Jewish culture has always been to seek world domination through usury money, and the full enslavement of the rest of us. This is still their aim today.

The first victory of **Trump** in the **USA** in 2016 was attempted by the **FAGSPEC** Cabal to be the final step of the **MAGA** to **MIGA** transition. It failed because **Trump** was not yet fully obedient to the dominant Zionist component of the cabal: he did not start brand new wars, and did not do enough to eliminate the main obstacle to the **MIGA** transition, which would have been the destruction of **Russia** through maximum sanctions and a reinforced proxy war from **Ukraine**. So, **Trump** was denigrated and ousted out of power through the fake **Russia Collusion** scandal.

To replace **Trump**, they managed to steal the election of 2020 and put **Biden** in power. He was to be the senile obedient puppet of the cabal to arrive at a **MIGA** transition. But his efficiency was not strong enough. As an alternative, in 2024, the cabal fully corrupted the more popular **Trump** with over 100 million dollars, and they made him their candidate this time for arriving at a **MIGA** transition. With this huge corruption, the cabal did not have to steal the election this time in 2024, as they had then a very obedient president candidate who was very popular for winning a national election. **Trump** had finally become their best candidate for more easily achieving the **MIGA** transition. And as soon as he got elected, he started to nominate in all positions of power only candidates who were fully Zionist in their approach to American and world geopolitics.

With this victory, the **MIGA** transition is finally becoming much more easily possible. But this means, to start with, that the American superpower has to have a fully Zionist executive. **MAGA** has one, and it is fully **MIGA**. But this means that **Trump** now has to obey the Zionist orders for new wars intended by the Zionists to achieve the **MIGA** transition, even if fought for the benefit of only **Israel**. However, this desired **MIGA** transition is likely to soon make **Trump** lose his immense popularity in the country and around the world. Most of the world at the moment is anti-**Israel** because of its genocidal war in **Gaza**, and for its strong push to also destroy **Iran**.

At the moment, the best military experts confirm that **Russia** and **Iran**, in particular with **China** as an ally, are unbeatable by **America** and **Israel** in a conventional war of soldiers. Because of this, the situation may only lead to a disastrous nuclear **WWIII**. But in such nuclear conflict, the same experts also confirm that **Israel** and its Zionist colony called **America** would first get destroyed completely while, of the 4 countries, **Russia** and **Iran** would become the only viable survivors.

If the **MIGA** transition fails, nuclear or not, it will certainly be a good time to go for a good **MEGA** transition. This would mean the replacement of a global culture of enslavement by a Zionist elite, to be replaced with a culture of liberty of new democratic world leaders elected by a population enlightened by **Full Truth** and **Full Knowledge**. **MEGA** would start a new era of **FtakAristarchy** and **Pax Ellinica** with the replacement of the **UN** with a **FTAKUN** (Full Truth And Knowledge United Nations) based in **Athens** instead of in **JerUSAlem** where **MIGA** wants it as the new **World Capital** of a new dictatorial **One-World-Government** in a new era of harsh **Pax Judaica**.
