Abrahamic Religions	Abraham is rightly considered the founder of Judaism, at the source of the Bible and the commands of Jewish God Yahweh. Today, 2 other religions are also considered Abrahamic: Christianity and Islam. <u>This is a mistake</u> . It can be true mainly of Sunni Islam that was founded by Jews supposedly converted to Islam, as confirmed by many books. In fact, both their Gods, the Yahweh of the Jewish Bible and the Allah of the Islamic Quran similarly request constantly acts of terrible violence on the part of their faithful in terms of wars and massacres. It is less clear about Shia Islam, even if they consider their founder and the source of their core doctrines to be Abdullah bin Saba', a Yemeni Jew. Clearly, it cannot be true of the real God Jesus of Christianity (not the Christian Institutional Jesus figure deformed early on by Saint Paul who was a Jew who also pretended a conversion, this time to Christianity) as Jesus only talks about love, compassion and forgiveness in the 4 Gospel books that have nothing to do with the Bible or the Quran. + s. A citizen of FtakAristarchy has a normal ID with all the usual data called a FEPNID , and a Biometric Anonymous card for voting anonymously as a legal duty as often as required that is called BAVID . This is part of a new voting system without any possible fraud. The BAVAD database does not know who is the owner of the BAVID card, only that the person showing the biometric feature readable on the BAVID card can be admitted to the voting area for the current election. However, each BAVID has a DUAB (<u>Distinctive Unique Anonymous Barcode</u>) that appears on the BAVID . The voter receives a machine readable BAVAB paper ballot with which to vote. Just after voting, because voting is no more just a right but a legal duty to maintain citizenship, the successful voter gets a BEVER voting receipt with its regular FEPNID , entirely separately from its BAVID . The voting machine is the BAVAM . ~ BAVID = <u>Biometric Anonymous Voter Individuality Document</u> ~ BAVAB = <u>Biometric Voted Election Ballot</u> ~ BAVAM = <u>Biometric Anonymous Voting Admission Machine</u> ~ BAVUB = <u>Biometric Anonymous Voting Unique Barcode</u>

<u>COVID</u>	= The name of the fake coronavirus pandemic that was engineered to start to affect the world in 2020 and 2021. It is fake not because the virus does not exist. It does exist. But it is fake even from this point of view, because it is not more dangerous than most annual flu pandemic we had in the last few years, like the Hong Kong Flu of 1968. It is also fake in its deceitfully engineered primary effects: this had, and still has to do with its ensuing unnecessary lockdowns that transferred easily and cheaply the biggest amount of wealth and property in the history of humanity from the hands of the most productive middle class into the hands of the parasitic FAGSPEC class. This primary effect was already a huge and complete success for the FAGSPEC class. COVID is also criminally fake from the point of view of its engineered solution. The fake solution is the COVID vaccines engineered as bio-weapons for massive world depopulation. In other words, it is fake mainly in its hidden evil purposes of enslaving a reduced obedient world population to create more easily a new dictatorial One-World-Government managed exclusively by the small FAGSPEC Cabal. The pandemic and its bio-weapons not only do not protect the vaccinated (who all need to receive boosters and even be constantly re-vaccinated) but cause all sorts of serious collateral health effects, including earlier death, contributing to the world UN/WEF agenda of crime against humanity in terms of a deceitful pursuit of world depopulation. Those people to be eliminated through depopulation are those that the FAGSPEC Cabal calls offensively, but nevertheless explicitly, the world “ <i>useless eaters</i> ” or “ <i>disobedient national terrorists</i> ”. In short, the COVID pandemic is fake in its source (a USA lab working with a Chinese lab), its solutions, and in particular in its intended hidden purposes of global enslavement of the rest of us under a globalist

These periods are a form of sexuality based on "<u>Kallos</u>", which means enjoyed from pure beauty, independently of the sex of a partner that can be of the same sex or of the opposite sex, and always excludes anal sex.</p> <p>~ The KisoSexual teenager during his <u>TransitOsexuality</u> is a youth ready to fully enjoy sexual pleasure with a partner, but not yet ready to take the risks involved. <u>In particular, a young man teenager</u> is affected by a sudden overproduction of sperm that needs to be well taken care of, but he is not yet ready to take the responsibility of a pregnancy or of a forced early marriage taking care of a wife and children. <u>He can then enjoy serenely a partner of the same sex who is in the same situation</u>, while laughing at each other about it after the act, but while always totally excluding nonsensical anal sex, and including mainly mutual manual and possibly oral sex. <u>When this happens however, in the great majority of cases, it has no implication or meaning of any kind of homosexuality</u>. It is only a temporary way, free of any risks, to take care nicely of an overpowering natural situation before the male youth is ready for full intercourse, but not yet ready for risking a pregnancy and an early unsustainable marriage. It is certainly much better for the healthy young man than masturbating alone in a closed room with feelings of fear, guilt or shame, let alone stupid religious sin.</p> <p>~ KheteroSexuality it normally the following second period of <u>KalSexuality</u> of a late male teenager starting to experiment with a partner of the opposite sex before being ready for marriage. The good prostitute alternative will soon become a better option to start with, for experimenting full intercourse, when finally ready to face the costs and other kinds of risks and responsibilities before becoming best possible husband and father.</p> <p>+ r. <u>TransitOsexuality</u>, <u>KalloSexuality</u>, <u>EqualOsexuality</u>, <u>HequalkOsexual</u>, <u>DIDSLA</u>,</p>
